

# Job Description

<b>Title:</b>	.Net/SQL Developer, Frames Data
<b>Reports to:</b>	VP Operations, Frames Data
<b>Department:</b>	Frames Editorial/Production

Jobson Healthcare Information (JHI) is a premier healthcare information and marketing services provider, with leading positions in a variety of growing healthcare markets such as pharmacy, eye care, clinician (physicians, nurse practitioners and physician assistants) and the managed markets (managed care, hospitals and government). Through its diversified, multi-media portfolio of marketing services, information databases, publications, medical education programs, events, websites and other digital and traditional media services, JHI is uniquely positioned to inform and educate a highly targeted network of approximately one million healthcare professionals across multiple specialties.

For 49 years, Frames Data has produced definitive references for eyeglass frames, ophthalmic lenses, contact lenses, and eyecare supplies and equipment, distributing those through specialized print, electronic, and web vehicles. Eye care professionals use our products to check product specifications, set pricing, verify managed care information, and manage their inventory systems.

## General Description

The .Net/SQL Developer works on a variety of different projects at the direction of VP Operations, DPCI consultants and Senior Developer, primarily for technical support, bug-fixes and UI revisions for the SQL database, EnterMedia DAM and scripting/hotfolder processes. .Net/SQL Developer may also work on ongoing general development and Frames Data websites/webservices in conjunction with Senior Developer and/or DPCI.

## Job Responsibilities

- Technical support and enhancements of existing ASP.Net (C#) based applications to support business needs
- Access any and all software programs used by the Frames Data team
- Attend weekly meetings on Development projects
- Integrate older systems with new applications
- Provide reports via direct database querying
- Other duties as assigned

*NOTE: This job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.*
